Energy Efficient Lighting Fixtures, Retrofits, and  
Custom Design Fixtures

## Nightbuster LED 1039

The Nightbuster Flood and its applications for sign lighting, small area lighting, landscape accent, security lighting around home, and anywhere small wattage lighting is required makes this one of the most versatile fixtures. The Nightbuster Flood is available in compact florescent and most recently, *energy efficient LED technology!* The housing and lens are made of durable, long-lasting molded Polycarbonate to keep out bugs and water, with 4 screw stainless steel rust resistant hardware. The die-cast aluminum swivel provides a sturdy and easy to direct mounting foundation.

Manufactured in the U.S.A.
