

**Features:**

- Long -life 24 VDC operation
- For 4" wells or larger
- Quick disconnect with "Watertite-Gland" Design Pat Pend
- Corrosion-proof housing with stainless-steel fasteners
- Runs dry without damage
- 50 mesh stainless steel inlet screen
- State of the art solid diaphragm

The solution to your remote water pumping needs. This pump is rugged, durable and built to last. The 9300 delivers a steady 112 GPH (422 LPH) at its maximum depth of 230 feet (70M) when supplied with 24 VDC. Its unique water-tight power connector stops water wicking and prevents potential condensation problems. Great for livestock watering, irrigation, pond aeration, remote homes and cabins.

Note: Do not use any SHURflo pump for petrol gasoline, petroleum products, solvents, thinners or any other flammable liquid with a flash point below 82 C (180 F). Not for use where flammable vapors are present.
