

## Peace of Mind with Battery Backup

Designed to provide backup power in the event of a grid outage, the SystemEdge Townhouse Series package features OutBack's FLEXpower Radian integrated system and EnergyCell GH batteries—engineered for optimal float service performance. The Townhouse Series can provide up to six hours of backup power to support a refrigerator, lights, a computer and TV.\*

### WHY CHOOSE SYSTEMEDGE?

Designed for convenience, value and flexibility, OutBack Power's SystemEdge pre-bundled packages take the guesswork out of selecting the right combination of energy storage and power electronics by delivering five distinct advantages:

- 1 **Single-Brand Solution**
- 2 **Advanced Technology**
- 3 **Deliberate Design**
- 4 **Package Pricing**
- 5 **Multiple Options**

For more information on SystemEdge packages contact your OutBack Power representative, local solar installer or visit [www.outbackpower.com](http://www.outbackpower.com).

SystemEdge 420GH

### SYSTEMEDGE 420GH
